SECTION 1 – SCHOOL OVERVIEW

Robert Morgan Educational Center and Technical College is under the auspices of the School Board of Miami-Dade County Florida and must adhere to Federal, State and School Board Policies and Procedures governing the security and safety of students, employees, and visitors on school grounds. RMEC & TC has one principal, one vice principal and two assistant principals. We currently have 1597 students and over 80 faculty and staff members. Our school has twenty-six career technical programs, Adult General Educational programs and ESOL classes. Although Robert Morgan Educational Center and Technical College is an open campus, all faculty, staff and students are required to wear school issued student ID badges at all times. Visitors are required to present a state issued picture ID upon entry into the building.

SECTION 2 – TIMELY WARNING AND EMERGENCY NOTIFICATION MEASURES

In the event a situation arises, it should be immediately reported to the site administrator. The site administrator will proceed to contact the Miami-Dade County Schools Police Department and the district office.

If the event constitutes a serious or continuing threat, a timely warning or emergency notification will be issued via the public announcement system. Depending on the particular circumstance of the situation or crime, including any Clery Act Crime that occurs on campus and which poses an ongoing or serious threat to the students or employees, the school principal will consult with School Operations to determine the necessity of sending an emergency phone message via Connect-ED.

Moreover, School Board Policy 8410 - Critical Response/Emergency Procedures directs the Superintendent of Schools to establish annually a District Critical Incident Response Team (DCIRT). The DCIRT is responsible for assisting schools with emergencies and critical incidents as needed and coordinate district resources. The Superintendent has developed and updates, as needed, a Critical Incident Response Plan (CIRP)/Emergency Operations Plan (EOP) for all schools. The DCIRT, will be responsible for providing updates to the plan and training for school site administrators. In accordance with Florida Statutes, the CIRP/EOP should be confidential and exempt from public record.

SECTION 3 – PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

Persons should report crimes to the appropriate site administrator, security personnel and/or school police for the purpose of issuing a timely warning notice and inclusion in the Annual Crime Statistics Report for that campus.

The crime statistics for Robert Morgan Educational Center and Technical College are maintained and provided by the Miami-Dade Schools Police Department (M-DSPD) which has jurisdiction for all of the district's public schools. M-DSPD works closely with the Miami-Dade Police Department and other municipal police departments to respond to school incidents and emergencies as part of City Compacts and Memorandum's of Understandings established with the numerous municipalities in Miami-Dade County FL. Criminal incidents are reported to M-DSPD which documents these incidents via the Police Offense Incident Reports. School administrators also document incidents using the district's Automated Incident Response System (AIRS), which archives and maintains a log of all major incidents for district schools.

The M-DSPD provides Robert Morgan Educational Center and Technical College the crime statistics required to complete the Annual Security Report (ASR) mandated by the Clery Act for the last three calendar years.

The report is made available to the public, employees, faculty, and staff at robertmorgantech.net. RMEC & TC will notify all students, faculty, and staff of the availability of the Annual Security Report once it is finalized and submitted to the United States Department of Education.
